Dear Hiring Manager,

I am writing to express my enthusiasm for the Software Engineering Internship position at Microsoft, as advertised on your company's careers page. As a highly motivated and detail-oriented student pursuing a B.Tech at Techno India NJR Institute of Technology, I am eager to contribute my technical skills and passion for software development to your dynamic team.

In my coursework and personal projects, I have gained a solid foundation in React.js, Node.js, and Express in the project of a library management system for the campus's library as well as Database Management and Project Management. My academic experiences, combined with my dedication to staying current with emerging technologies, have equipped me with the ability to Develop and Deploy.

I am particularly drawn to Microsoft because of its reputation for innovation and commitment to Building better user experience. I am excited to work alongside experienced professionals and apply my theoretical knowledge in a practical, real-world setting.

During my recent internship at IBM, I had the opportunity to Work on a great project of machine learning of breast cancer protection model as well as lead the campus team for the internship. This experience enhanced my problem-solving abilities and honed my collaboration skills within a team-oriented environment.

Thank you for considering my application. I am excited about the possibility of contributing to Microsoft's success and would welcome the opportunity to discuss how my skills align with your internship program in more detail.

Thank You
Rohit Agarwal
